MANUFACTURERS & EXPORTERS

MAXWELL ADDITIVES PVT. LTD.
An ISO 9001:2015 Certified Company
Company Profile

Maxwell Additives Pvt. Ltd. is one of the leading manufacturers of speciality chemicals offering the broadest product range along with proactive, customer-oriented expertise.

Maxwell Additives Pvt. Ltd. is committed to provide best possible products with continuous R & D and we would like to do this in close co-operation with our customers and suppliers.

Maxwell Additives Pvt. Ltd. has a complete chemicals portfolio to support its customers in improving quality of their product, saving energy, as well as reducing overheads in all areas of industry.

The Maxwell Additives Pvt. Ltd. team has emerged to become the partner of choice in specialty distribution within the global economic area.

The Core Competence

It is our prime focus to go the extra mile to provide complete customer satisfaction. We offer solution rather than just products, which have helped us, nurture strong and everlasting bond with our customers across the world. The quality management system is frequently upgraded based on customers feedback and expectations, in order to glorify their level of satisfaction.

Quality, Innovation & Commitment

Our success and growth is built upon a sound base of technical excellence, an innovative approach and a commitment to quality. In-house research and development has produced a unique range of products which offer significant benefits to industrial and commercial users of wide range of industries.

We believe innovation through partnership with our customers and suppliers ensures we can meet whatever technical, environmental or regulatory challenges lie ahead.

Committed to mark our global existence by larger base of satisfied customers, developed by supplying quality products & services, we strive for higher level of satisfaction by continuous improvement in the related business process.
MANUFACTURERS & EXPORTERS

Maxwell Additives Pvt. Ltd. main strength lies in exports. We source and export a wide range of Chemicals, Food & Feed additives, Photography Chemicals, Detergent Chemicals, Raw material and Speciality Chemicals for Paint, Coating, Plastics, Polyurethane as well as Chemicals for & Water Treatment Industry, Mining & Rubber Industries, to more than five continents, covering more than 50 countries.

**Soap, Detergent & Laundry**
- Alpha Olefin Sulfonate (AOS)
- Polymer Additives for Detergents
- Benzalkonium Chloride 50% & 80%
- Caustic Soda Flakes / Pearls / Solid
- Ethoxylates of Fatty Acid, Fatty Alcohols and Fatty Amines
- Linear Alkyl Benzene Sulfonic Acid (LABSA)
- Soap Noodles
- Soda Ash (Light & Dense)
- Sodium Carboxyl Methyl Cellulose (SCMC)
- Sodium Lauryl Ether Sulphate (SLES)
- Sodium Tri Polyphosphate
- Talc (Soap Stone) 300-600 Mesh

**Oil & Gas Solutions**
- Acid Corrosion Inhibitors
- Corrosion Inhibitor For Hydro Testing
- Drilling Fluid Biocide / Bactericide
- High Temperature Deflocculant
- Bactericides (Aldehyde, Amine & Non-Aldehyde Non-Amine Type)
- Mud Cake Cleaners
- Silicon & Non-Silicon (Eco-friendly) Based Defoamers
- Oxygen Scavengers
- H₂S Scavengers
- Antiscalants
- Deoilrs
- Scale Cleaners
- Emulsifiers
- Oil & Water Soluble Demulsifiers
- Mutual Solvents
- Sludge Conditioners - Polymer Based
- Surface Tension Reducer
- Visco Elastic Surfactant

**Paint, Ink, Coating & Rubber Chemicals**
- 12 Hydroxy Stearic Acid (12-HSA)
- Acetic Acid (Glacial)
- Castor Oil & Derivatives
- Ethyl Acetate
- Ethyl Alcohol 96% (Food Grade)
- Methyl Ethyl Keteoxime
- Methylene Chloride
- Talc (Soap Stone)

**Industrial & Institutional Cleaning Sanitizing Chemicals**

**Food Industry Cleaning Sanitizing Products**
MANUFACTURERS & EXPORTERS

Sugar Processing Additives
- Antiscalants For Pan Evaporator
- Settling Agents
- Viscosity Reducer
- Antifoaming Agents
- pH Boosters
- Sludge Conditioner Powder & Liquid
- Decoloring Agent
- Mill Sanitation Chemicals
- Biocides

Corrosion Inhibitor Series
- Film Forming Corrosion Inhibitors
- Amine Neutralizers
- Acid Corrosion Inhibitor for Low to High Temperature & Pressure
- Corrosion Inhibitor for VES
- Vanadium Inhibitor
- Oil Line Corrosion Inhibitor
- Gas Line Corrosion Inhibitor
- Rust Preventive Coating Liquid

WATER TREATMENT - Basic Products
- Activated Carbon
- Aluminium Sulphate (Ferric / Non-Ferric)
- Calcium Hypochlorite
- Ferric Chloride (Liquid/Powder)
- Ferrous Sulphate
- Liquid Chlorine
- Poly Aluminum Chloride (Liquid/Powder)
- Sodium Hypochlorite
- Polyelectrolyte for Effluent Water Treatment

Mining & Drilling Products
- Hydrochloric Acid
- Sodium Cyanide
- Caustic Soda Flakes / Pearls / Prills
- Activated Carbon

WATER TREATMENT - Finished Products
- High Pressure Boiler Oxygen Scavengers
- Multi-functional Oxygen Scavengers
- Polymer Sludge Conditioners
- Alkalinity Builders
- Boiler Phosphate Treatment chemicals
- Steam Condensate Line Treatment Chemicals
- Fuel Additives & Anti-foams
- Cooling Water Scale & Corrosion Inhibitors
- Cooling Water Biocides & Biodispersants
- Reverse Osmosis & Nano-filtration Membrane Scale and Fouling Cleaners
- Reverse Osmosis Antiscalants & Antifoulants
- Reverse Osmosis Biocides
- Reverse Osmosis Corrosion Inhibitors
- Closed System Corrosion Inhibitors
- Closed System Biocides
- Descaling & Acid Cleaning Chemicals
- Effluent Water Treatment Chemicals
- Benzalkonium Chloride 50% & 80%

Hospitals & Clinic Disinfectant Products
ORGANOPHOSPHONATES

PAPEMPA: Poly Amino Poly Ether (Methylene Phosphonic) Acid & Salts
DTPMPA: Diethylene Triamine Penta (Methylene Phosphonic) Acid & Salts
HEDP: 1- Hydroxy Ethylidene- 1,1- Diphosphonic Acid
ATMP: Amino Trimethylene Phosphonic Acid
PBTC: 2- Phosphonobutane- 1,2,4- Tricarboxylic Acid
MMBPA: Morpholino Methylene Bis Phosphonic Acid
EDTMPA: Penta Sodium Salt of Ethylene Diamine Tetra(Methylene Phosphonic Acid)

Food Ingredients / Food Grade Chemicals / Spices
Corn / Maize Starch
Dextrose Monohydrate
Iodized Salt
Liquid Glucose (Corn Syrup)
Malt Extract (Liquid / Powder)
Malto Dextrin
Menthol Crystal
Menthol Oil / Mint Oil
Phosphoric Acid 85% Food Grade
Sodium Bicarbonate
Sodium Tri Polyphosphate
Sorbitol 70% NC BP/USP
Soya Flakes / Grits
Soya Flour
Soya Lecithin Non GMO
Dextrin

Bottling Plant Cleaning Products

Hatcheries & Farm Cleaning Sanitizing Products

Basic Industrial Chemicals
Acetic Acid Glacial
Calcium Chloride 94% Powder
Caustic Potash Flakes (potassium Hydroxide)
Caustic Soda Flakes / Pearls / Prills
Ethyl Acetate
Formaldehyde (formalin)
Hydrochloric Acid
Linear Alkyl Benzene
Mono Chloro Acetic Acid
Phosphoric Acid 85% Food Grade
Sodium Mono Chloro Acetate
Sulphuric Acid 98%

Plastic & PU Chemicals
Chlorinated Paraffin (40% to 70%) Wax
Diethyl Phthalate
Master Batches
Plasticizers - Di Butyl Phthalate, Diiso Nonyl Phthalate
PVC Resin
Toluene Diisocyanate 80/20
MANUFACTURERS & EXPORTERS

Polymer Series - Water Treatment Raw Material
Homo-polymer
Acrylic Homopolymer
Maleic Homopolymer
Co-polymer
Acrylic/Maleic- Sulfonate Co-polymer
Carboxylic Co-polymer
Carboxylate - Sulfonate Co-polymer
Ter-polymers
Carboxylic - Sulfonate - Non-ionic Ter-polymer
Phosphino Carboxylate Ter-polymer
Carboxylic - Sulfonate Ter-polymer
Quad-polymer
Carboxylic - Sulfonate Multipolymer
Phosphorus Carboxylate Corin Polymer

Other Products
Barium Sulphate / Bayrites
Bentonite
Benzyl Alcohol
Benzyl Chloride
Bleaching Earth
Di Methyl Sulphate
Ethyl Alcohol 96% (Extra Neutral Alcohol)
Magnesium Nitrate
Manganese Sulphate
Modified Starches (Corn / Topioca)
Refined Napthalene Powder
Refined Paraffin Wax
Sabacic Acid
Sodium Meta Bisulphite
Sulfamic Acid

Pulp, Paper & Textile Chemicals
Acetic Acid Glacial
Aluminium Sulphate (Ferric / Non-ferric)
Caustic Soda Flakes / Pearls / Prills
Hydrogen Peroxide
Maize Starch
Oxalic Acid
Poly Aluminium Chloride
Soda Ash Dense

Cosmetics Chemicals
12 Hydroxy Stearic Acid (12-HSA)
Coco Amido Propyl Betaine (CAPB)
Fatty Acid
Lauryl Alcohol Ethoxylate
Menthol
Refined Glycerine Technical / USP
Soap Noodles
Sorbitol 70% BP / NC
Stearic Acid
Talc (Soap Stone)
White Oil Technical & Pharma Grade
Manufacturers & Exporters Since 1988

Partnership
Maxwell Additives Pvt. Ltd. has always viewed its role as one of partnership with its customers. Indeed, it is the constantly changing demands of our customers in industry, commerce and public health, which shape the very nature of the products and services we provide.

Maxwell Additives Pvt. Ltd. combines experience and professional expertise for each customer’s particular requirements, with measures designed specifically to ensure your systems operate safely and efficiently.

A Complete Service
Maxwell Additives Pvt. Ltd. provides a comprehensive service to the customers. The company has tie ups with several reputed Manufacturers, Mine Owners, Service Providers who are the leaders in their respective segments.

The company caters to several industry segments like
- Oil & Gas Products
- Speciality Chemicals for Manufacturing Water Treatment Chemicals
- Soap, Detergent & Toiletries
- Water Treatment Chemicals
- Paint, Ink, Coating & Rubber Chemicals
- Cosmetics & Perfumes
- Mining Chemicals
- Pulp, Paper & Textile Chemicals
- Food Ingredients / Food Grade Chemicals / Spices
- Plastic & PU Chemicals

By virtue of this, the company has been able to source the products at very competitive prices and can supply the same with guaranteed specifications and delivery commitments.
